

Research Analyst New York

The Firm:

We are a boutique and growing New York City-based information services and technology firm focused on the needs of private equity firms, lenders, and M&A advisors. Our clients rely on our research and analysis to drive their strategy and success. We pride ourselves in the quality of our service, which stands apart from our competition.

Position Description:

This is an opportunity for someone to join a growing team and company, to go the extra mile in their work and learn from those with greater experience, while contributing to the success of our clients. There is a lot of growth potential for the right person.

Primary responsibilities include researching and utilizing a variety of sources and methods to aggregate information and maintain and improve the firm's proprietary database of M&A transactions in North America. Other responsibilities include assisting in the preparation of clients' reports and other presentation materials, as well as contributing research and analysis towards other projects.

Qualifications:

1+ year professional experience in M&A transaction research (preferred), financial research, consulting, investment banking, or relevant internship experience, etc. Academic achievements in undergraduate studies should reflect a strong work ethic, team-oriented attitude, pursuit of excellence, and willingness to listen, learn, grow, and take on greater challenges.

Qualities essential for success as a Research Analyst include: attention to detail, positive attitude, creativity, self-motivation, the ability to multi-task, and the drive to exceed other's expectations.

Proficiency in Microsoft Office, particularly Excel, PowerPoint, and Outlook, is important.

Compensation:

Based on experience and will consist of base salary, performance bonus, and a competitive benefits package.

Interested candidates should send a resume and additional information to: Catherine Daly at info@suttonplacestrategies.com
